Creative developer / Bangladesh

01 / PROFILE

I explore the intersection of front-end development and interface design. My portfolio brings together responsive websites, small browser tools and interactive visual studies.

02 / PORTFOLIO STUDIES

Chromatic

A browser tool for exploring four-color palettes and copying hex values.

Fold study

A copper-colored form study with rotation and backdrop controls.

03 / TOOLKIT USED IN THIS PORTFOLIO

Semantic HTML, CSS, JavaScript, responsive layouts and vector icons.
